Notes: The Better Hearing Institute (BHI) is a not-for-profit corporation that educates the public about the neglected problem of hearing loss and what can be done about it. Founded in 1973, we are working to:

- * Erase the stigma and end the embarrassment that prevents millions of people from seeking help for hearing loss.
- * Show the negative consequences of untreated hearing loss for millions of Americans.
- * Promote treatment and demonstrate that this is a national problem that can be solved.

Notes: Community Hospice offers help to patients and their families by providing the following services:
 Home Care: Hospice is where you are, in your home or in a retirement center or nursing home. Hospice employees visit routinely to give care, answer questions, teach new and important skills, and make each day as full of life as possible. In addition, professional staff are on call 24 hours a day, 7 days a week, for special needs.

Bereavement Care: Support groups, individual counseling, educational opportunities, and information on other resources are all part of the Hospice bereavement program for both adults and children. The Hospice commitment to loved ones continues for a minimum of a year after the death.

LastUpdated: 1/29/2008 10:53:42 AM
Notes: Feds Creek has a highly qualified staff. Our teachers are trained to teach to different learning styles, and Feds Creek has many different programs to address different student needs. We have a math lab, a piano lab, computer lab, science lab and a gymnasium. We also have a gifted and talented program. Every classroom has computers with Internet access.

Throughout the year, our Family Resource Center and Title I program offer many activities for our school such as Safe School Week, Red Ribbon Week, Day With Dad, Moments with Mom, Goodies for Grandparents, Veteran's Day, Open House, Parent/Family Nights, and Read Across America. The FRYSC also sponsors several Arts and Humanities programs for the students.

Students at Feds Creek participate in many after school activities. Our Student Technology Leadership Program was recognized as a Gold School and showcased at the Kentucky Teaching and Learning Conference. Our sports program includes boy's basketball, girl's basketball, football, and volleyball.

 Prestonsburg KY 41653
 County of Floyd

Phone: (606) 886-4350
Fax:

Contact: Clinic Coordinator: Roy Conley

LastUpdated: 12/7/2007 3:51:12 PM

Notes: Floyd County Outpatient clinic provides a wide range of mental health and Psychiatry services to children, adolescents, adults, couples and families who are experiencing stress and conflict in their lives. Our staff have expertise in helping people with issues involving mood disorders, family and relationship problems, job stress, substance abuse, victim of abuse, and other life crisis and transitions.

Individual therapy is generally short term and highly focused on the client's own specific problem-solving or behavioral goals.

People in need of assistance beyond what we can offer are referred to other Mountain Comprehensive Care Programs or community providers.

We work hard to maintain close ties with other community agencies and providers. Referral relationships for various types of consultations and treatments include:

- School Personnel
- Law Enforcement
- Court System
- Department of Protection and Permanency
- Primary Care Physicians
- Hospitals
- Other Private Practitioners
- Social Service Agencies
- Clergy

For appointments and further information we encourage both consumers and other professionals to call us Monday thru Friday between 8 AM and 5 PM (606-886-4350).

Though it is preferred and may reduce waiting time, there is no need to call beforehand, we encourage clients to come in to be seen as the need arises.

KY
 County of Floyd

Phone: (606) 218-4992
Fax:

Contact: Programs Coordinator

LastUpdated: 2/5/2008 3:16:12 PM

Notes: The Leonard Lawson Cancer Center (LLCC) opened in 1996 to provide cancer care that caters to the cancer patients' special needs. The LLCC provides this area with sophisticated treatment methods and a full line of support services in one location.

The Leonard Lawson Cancer Center offers each patient an individualized, aggressive treatment program through radiation therapy, chemotherapy, pain management and other support therapies. The additional services of hospitalization, surgery, pathology, diagnostic radiology, CT Scan, MRI, ultrasound, nuclear medicine and pharmacy services are also available and are easily accessible.

Additionally, support groups meet each month for patients and their families to draw strength from others who are expecting similar situations. For information on the ABC (After Breast Cancer) or LLCC Cancer Support Group, contact the Programs Coordinator at (606) 218-4992.

Notes: Millard Elementary is a primary elementary school serving approximately 450 Pre-Kindergarten through third-grade students. Our current primary population evolved through the consolidation of three elementary schools: Millard, Greasy Creek, and Lookout. Currently, two HeadStart classrooms provide services to qualifying Pre-Kindergarten students. In addition to the regular grade-level classrooms, Millard Elementary has a multi-aged, multi-ability unit that has received national recognition in USA Today.

A library, cafeteria, playground and a fully qualified teaching staff are provided. Also a Family Resource Center.

Notes: Millard Middle School is comprised of grades 4 - 8. Since the school's establishment in the fall of 2002, the accountability scores have risen from 66.1 to 89.5. Thus, reflecting the endeavors that have been made to create a cohesive learning environment for all students, a strong instructional program, and progress made to create a unified school culture/climate involving all stakeholders.

During the 2004 - 2005 school year, Millard Middle School was recognized as one of the top 5 Reading Middle Schools in Kentucky by the Educational Professional Standards Board (EPSB). The school was involved in a yearlong HUMRRO study which compared the reading strategies incorporated at the school with schools of similar subgroups and populations.

Millard Middle School extra-curricular activities include: Academic Teams, Band, Football, Basketball (Boys and Girls), Girl's Volleyball, 4-H, Connect With Kids, Advisor/Advisee, 7 Habits of Highly Effective Teens, STLP, Cheerleading, Gear-Up, Gold/Silver Club, Student Council, F.T.A., Students of the Month, and Accelerated Reader Club.

Notes: An elementary school serving grades kindergarten through eighth. A library, cafeteria, playground and a fully qualified teaching staff are provided. Also a Family Resource and Youth Service Center available with the accompanying services.

Mullins Elementary School first opened its doors to students in 1953. Mullins School then served as a K-12 school housing over 1,00 students. Mullins School became Mullins Elementary School in 1993 with the consolidation of Johns Creek High School and Mullins High School into Pike County Central High School. Our school community looks forward to the opening of a brand new educational facility due to be completed by Spring of 2008.

Qualifications

Graduation from high school is a minimum requirement for admission to National College for those students enrolling in the Diploma, Associate of Science, or Bachelor programs. Those who have satisfied graduation requirements through the General Education Development (GED) Test are also eligible for admission.

In addition, as the College reviews applications for admission to the Bachelor degree programs, it will strive to select students who have the necessary maturity, motivation and academic preparation to successfully complete the requirements for the baccalaureate degree.

The following criteria will be used by the College to determine those essential qualities:

1. The applicant must have completed an associate degree.
2. The applicant must have earned at least a 2.5 grade point average on a 4.0 scale for all previous collegiate course work. If the applicant's GPA falls below 2.5, the applicant will be evaluated for conditional acceptance.
3. The applicant does not possess an associate degree, but has substantial collegiate experience and transferable credits, will be evaluated for conditional acceptance.

Notes: The National Federation of the Blind is leading the way into the future for blind Americans by:

- * Promoting the interests of the blind in the state legislatures, in the halls of Congress, and in the courts.
- * Educating the public about the true nature of blindness through our literature, through public appearances, and through our daily lives as independent and productive citizens.
- * Helping families with blind children ensure that their kids learn the skills for coping with blindness and have access to information and educational opportunities that will allow them to keep pace with their sighted friends as they grow.
- * Studying, demonstrating, and evaluating the latest in adaptive technology for the blind at the International Braille and Technology Center (IBTC), located at the National Center for the Blind, which serves as the national headquarters for the National Federation of the Blind. This one-of-a-kind facility contains all of the computer technology that gives access to information for the blind.
- * Operating and expanding the world's largest digital talking newspaper service for the blind, NFB-NEWSLINE®, a free service available to anyone who is legally blind. NFB-NEWSLINE® uses computer speech technology to make the texts of dozens of local and national newspapers available on demand to blind readers with just a touch-tone telephone.
- * Helping the blind find competitive employment through America's Jobline®, a free service that gives individuals touch-tone telephone access to the thousands of jobs listed in America's Job Bank, a job listing service established by the U.S. Department of Labor.
- * Helping the blind get the information and the products we need for active, independent lives through the National Federation of the Blind Materials Center, which offers thousands of publications and hundreds of products especially designed for the blind. Brows the catalog and shop online at <http://www.nfb.org>.
- * Conducting cutting-edge research on blindness, such as methods for conducting distance education courses using Braille and speech technology and better methods for travel or for accessing information, at our National Federation of the Blind Jernigan Institute.

Notes: Phelps Elementary is located in a beautiful rural setting in far Eastern Kentucky. The teachers, students, parents, and staff have created a safe, welcoming school where we take pride in a culture of excellence. The dedicated faculty and staff have made a commitment to continue to seek avenues to improve and sustain the highest quality of education for our students. High expectations for ourselves, as well as the students, are set as we diligently pursue life-long learning. The mission of Phelps Elementary is to create a place of proficiency where students overcome all barriers to achieve!

All students at Phelps Elementary are provided opportunities to participate in extra-curricular activities regardless of gender, socioeconomic status, or disabilities. The faculty and staff at Phelps Elementary ensure educational equity through activities such as: Academic team, Spelling team, School-wide performing arts, BETA club, Brownies, Cub Scouts, Football, Basketball, Baseball, Cheerleading, STLP (Student Technology Learning Program), ESS, and Peer tutoring for all ability levels. Phelps Elementary strives to have all students participate and to feel like they are part of a winning team and our activities reflect that atmosphere.

Notes: Pikeville Medical Center is the region's leader in the health care industry. During the past 82 years, PMC has grown into a 261-bed facility with a growing campus featuring a 50,000 square foot structure.

PMC employs over 1600 people and over 200 physicians practice here. With a progressive, supportive administration and board of directors, our employees and physicians have the tools and training they need to provide excellent quality health care. Technology, innovation, vision and finance are rapidly driving Pikeville Medical Center towards its goal of being a National Leader in Health Care.

Pikeville Medical Center is home to some of the most sophisticated, technologically advanced medical equipment to be found anywhere.

Notes: Runyon Elementary School opened its doors in 1965 as a K-8 school. Runyon became a K-5 school beginning with the 2005-2006 school year. Over the years, the stakeholders of our school have united their efforts to prepare students for a productive future by facilitating meaningful educational experiences that enhance the academic, social, and emotional growth of our students. The staff, faculty, and administration are committed to providing appropriate classroom management and disciplinary practices in order to ensure that all students are given an equitable and culturally sensitive environment, in which to learn.

LastUpdated: 2/7/2008 11:34:57 AM

Notes: An interdisciplinary approach is used in patient care programs to ensure comprehensive care for each patient. The staff includes orthopaedists and pediatricians, as well as other medical specialists.

The Lexington hospital is equipped and staffed to provide care for virtually all pediatric orthopaedic problems, except acute trauma. These include:

- * Cerebral Palsy
- * Clubfoot and other foot disorders
- * Hand and Upper Extremity disorders
- * Hip disorders
- * Leg length discrepancies
- * Limb Deficiencies and amputations
- * Metabolic bone disease
- * Osteogenesis Imperfecta (OI)
- * Scoliosis and other spinal deformities
- * Juvenile Rheumatoid Arthritis (JRA) and other rheumatic disorders
- * Walking disorders
- * Orthopedic conditions associated with:
 - o Neuromuscular disorders
 - o Spina Bifida/Myelodysplasia
 - o Congenital and Developmental disorders

While we do not provide acute care for injuries, we do treat children who have experienced orthopaedic trauma who may need help dealing with long-term results of such injuries.
